Marine Connections Seminar Theme 2: Marine Boundaries

Come along to the second of four seminars run by USIMS on a Thursday from 1-2pm. Three speakers present for 15 minutes each followed by a 5-10 minute Q&A. This seminar, the second of the series, will examine Marine Boundaries.

Speakers are:

Tim Stephens, Co-director Sydney Centre for International Law - The Great Barrier Reef at a Crossroads
Will Figueira, Marine Ecology Laboratories Centre for Research on Ecological Impacts of Coastal Cities School of Biological Sciences - Marine Park Connectivity
Ana Vila-Concejo, Geocoastal Reasearch Group School of Geosciences - Sediment Mixing Depth in Sand Aprons in Coral Reef Environments

THURSDAY 23rd August 2012
1 - 2 pm
New Law School Seminar Room 020
